

Spring 2019 — CS 4640 Web PL

Usability Evaluation Checklist

Please add your comments about any item. Include any additional criteria you feel should be addressed.

Adjust the textarea (questions 13-15) to fit your content. If the graders cannot see your content, the graders have to ignore it.

Use the browser "Print" menu, and then "Save as PDF" to create a PDF file of your evaluation checklist.

Rank the five usability criteria (Shneiderman's usability measures) below in terms of relative importance, where **1** being the most important, and **5** being the least important. **It is important that you must not have any ties; this must be a total ordering.**

Criterion	Rank				
	1	2	3	4	5
Time to learn :	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
Speed of performance:	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Avoiding user errors :	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Retention over time:	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Subjective satisfaction :	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Specify what you think the **goal** should be for the five usability criteria, and what the actual system **achieved**. Use a **time measurement** (*seconds* or *minutes*) for the time to **learn**. For the speed of **UI performance**, use the **number of interactions** needed to accomplish the task (e.g., 2 mouse clicks to delete a selected email). Use the scale *low*, *moderate*, *high*, and *very high*, in terms of how **important** the avoiding user **errors** criterion is. This scale also applies to the **retention** over time and subjective **satisfaction** criteria.

Criterion	Goal (should be)				Actual (achieved)			
Time to learn	3-4 minutes				around 5 mins			
Speed of UI performance	get needed information within 3 mouse clicks				get needed information within 3 mouse clicks			
	Importance: Goal				Importance: Actual			
	Low	Moderate	High	Very high	Low	Moderate	High	Very high
Avoiding user errors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Retention over time	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
Subjective satisfaction	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

The following questions are designed to establish a thoughtful evaluation of a user interface. Answer the questions on a scale of 1 to 5, where 1 is a strong no, 5 is a strong yes, and 3 is neutral. If the question does not apply, mark "N/A". Support your answers in your written report. In particular, any questions that get a "1" or a "5" should be discussed explicitly in your writeup. You can answer questions 13 - 15 in the space provided or in your writeup.

Num	Questions	Score						
		no	neutral				yes	
		1	2	3	4	5	N/A	
1	Is the terminology consistent?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
2	Is the terminology appropriate?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
3	Is the terminology in the user's vocabulary?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
4	Are the instructions consistent?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
5	Do the instructions accurately describe the task?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	
6	Are the colors appropriate?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
7	Do the display layouts simplify the tasks?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	
8	Is the sequence of displays appropriate?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	
9	Is it easy to customize the interface?	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	
10	Are the error messages helpful?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	
11	Is it easy to correct errors?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	
12	Is the online help consistent and useful?	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	
13	<p>Include any additional criteria or questions you feel should be addressed.</p> <div> <p>Is it convenient for students to communicate with their professors through collab?</p> </div>							

Num	Questions	Score				
		no	neutral		yes	
		1	2	3	4	5
14	<p>What specific suggestions do you have to improve this interface?</p> <div> <p>Make the notification (e.g. notice for maintenance hours) be shown in pop-up blocks instead of on front page. Reason: As a student, he/ she spends much more time (on average) on his/ her personal collab page than the front page. As a result, it would be easier for students to see the notification message if it is shown in the form of pop-up blocks.</p> </div>					
15	<p>What specific things did you like about this interface?</p> <div> <p>When selecting “starred” courses which can be shown on top of personal collab webpage, the default setting determines which courses the student is currently enrolled in this semester and displays them as “starred” courses. This saves students’ time since they do not have to do the classification themselves.</p> <p>This UI also displays all features / functions of every course on the left-hand side of page, so students can easily find the tab they are looking for in a class.</p> </div>					
		Trash	Poor	OK	Good	Smash
16	What is your overall assessment?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
